

How Secure is Your Home?

- Can emergency response teams clearly locate and read your house address? Yes No
- Is your storage shed or garage where you keep tools and ladders securely locked? Yes No
- When you leave for the evening do you leave a few lights on inside your home? Yes No
- Do you have deadbolt locks on all of your exterior doors? Yes No
- Have you inventoried your personal valuables and property, and have it stored in a secure safe that is fire-proof? Yes No
- Are the windows and doors for your home clearly visible from the street or from your neighbor's yard? Yes No
- Are the entries into your home well lit all night long? Yes No
- Did you replace the locks to your home after you purchased and moved in? Yes No
- Are your entry doors made of steel, solid core wood (at least 1-3/4 inches) or metal wrapped wooden doors? Yes No
- Do you have a 'Neighborhood Watch' or similar program established in your area? Yes No
- Do you keep an extra set of keys with a trusted neighbor, rather than hiding a set outside your home? Yes No
- Do your exterior doors fit their frames tightly, with no more than 1/8 inch space between the door and frame? Yes No
- Are your sliding glass doors secured with locks, jammed with a dowel rod from inside, and protected from being easily lifted out from their frames? Yes No
- Do all of your entry doors have a peephole with a wide-angle viewer? Yes No
- Can anyone gain access through a mail slot, dryer vent, or pet entrance? Yes No
- Have you installed motion-sensitive security lighting around your home? Yes No
- Do you shred or destroy: junk mail, credit card offers, bank and credit card statements? Yes No
- Do you currently have a home security alarm system installed in your home? Yes No
- Do you have a mobile phone (non-landline) that is available for use in case of an emergency? Yes No
